

Medium Length Graduate CV

This curriculum vitae template has section headings on the left side of the document with section content on the right. Bullet points are used to separate different tasks within each job. This document layout makes this template more suited to a short or medium length curriculum vitae taking at most two pages. Would be best used by a recent graduate with limited experience looking for their first job.

Description

This curriculum vitae template has section headings on the left side of the document with section content on the right. Bullet points are used to separate different tasks within each job. This document layout makes this template more suited to a short or medium length
