

# Plasmati CV

This CV/Résumé template is perfect for students or early-career graduates with relatively little work experience. The layout is concise and best suited to few entries per section. The inclusion of grade tables on the last page of the template provides a measure of academic success in lieu of work experience and makes this template ideal for a graduate school application or the first several jobs out of college/university. The template could also be adapted for an individual with more work experience but be careful not to fill it out to much longer than two pages.
