

Plain Cover Letter

This cover letter template features a classic conservative design and follows the standard LaTeX method of creating a letter document.

Description

This cover letter template features a classic conservative design and follows the standard LaTeX method of creating a letter document. The letter has been styled to display your name and contact information on the top in bold, but otherwise follows a standard order of: date, addressee, opening, content and closing. The template code is clearly delimited and commented to enable easy modification of paper size, margins and font settings.

Dear Dr. Kelso,

PARAGRAPH ONE: State the reason for the letter, name the position or type of work you are applying for and identify the source from which you learned of the opening (i.e. career development center, website, employment service, personal contact).

PARAGRAPH TWO: Indicate why you are interested in the position, the company, its products, services – above all, stress what you can do for the employer. If you are a recent graduate, explain how your academic background makes you a qualified candidate for the position. If you have practical work experience, point out specific achievements or unique qualifications. Try not to repeat the same information the reader will find in the resume. Refer the reader to the enclosed resume or application which summarizes your qualifications, training, and experiences. The purpose of this section is to strengthen your resume by providing details which bring your experiences to life.

PARAGRAPH THREE: Request a personal interview and indicate your flexibility as to the time and place. Repeat your phone number in the letter and offer assistance to help in a speedy response. For example, state that you will be in the city where the company is located on a certain date and would like to set up an interview. Alternatively, state that you will call on a certain date to set up an interview. End the letter by thanking the employer for taking time to consider your credentials.

Sincerely,

Dr. John Dorian, M.D.
