

Arsclassica Article

This article uses the Arsclassica package to specify the document layout and structure. The template features a single column layout which makes it suitable for a greater number of applications such as for academic articles, business articles and reports. The page layout is very clean and minimal to focus on the content at hand in an elegant way.

Description

This article uses the Arsclassica package (a modification of the Classic Thesis package) to specify the document layout and structure. The template features a single column layout which makes it suitable for a greater number of applications such as for academic articles, business articles and reports. The page layout is very clean and
